

ASM Museum Chat

Oct. 16, 11 am
Session 35

Bethany 10:45 AM
Good Morning

Scott Carrlee 10:46 AM
Hi Bethany
so glad you could join us 10:46 AM
I hope you made it back to Wasilla ok 10:47 AM
Amy could you make me a moderator as well? 10:47 AM
thanks 10:48 AM

Bethany 10:48 AM
Yes. Now we are getting ready for the play this weekend, pumpkin dec this Saturday and the old town autumn fest shin dig next Saturday!
Then switch gears for Brassieres to Nowhere Masquerade and Bra- Auction the weekend after on Nov 2. 10:48 AM

Scott Carrlee 10:48 AM
wow really busy!

Bethany 10:49 AM
Busy push these next few weeks!

Scott Carrlee 10:49 AM
So we will just see if anybody shows up for this

Bethany 10:49 AM
Oh, and help my husband cut wood for us and build the trailer for the hay rides

Cool 10:49 AM

Scott Carrlee 10:49 AM

If no one has any questions, I will just start asking you questions

Bethany 10:49 AM

Ok. I will try to answer to the best of my ability.

Scott Carrlee 10:50 AM

no problem, it might help to write your answers in chunks and keep hitting return so that people can be reading while you are typing

Bethany 10:51 AM

will work on that.

Scott Carrlee 10:51 AM

We are getting ready for the next group of Exos coming on Monday

Bethany 10:51 AM

Yeah! Where will they be coming from this time?

Scott Carrlee 10:52 AM

Mareca Guthrie from the Museum of the North and Kris Reeves from the Sheldon Museum in Haines

Bethany 10:53 AM

Ok.

Bethany 10:55 AM

I don't think I have met either of them yet. Maybe after this whole project is done we might think about a MA session on orchestrating a move?

Maybe who participated and who would be available for future museum moves? 10:55 AM

Just a thought 10:55 AM

Scott Carrlee 10:56 AM

Not a bad idea

It would be fun also, to have a reunion of sorts. 10:56 AM

after this is all over we could meet at Museums Alaska and just celebrate 10:56 AM

Bethany 10:56 AM

My thoughts exactly Kind of like a class picture

Scott Carrlee 10:56 AM

yeah

I almost put in money in the grant budget to buy T-shirts that said "I 10:57 AM

helped with the SLAM move

- Anjuli Grantham joined the Main Room. (10:57 AM) -

Scott Carrlee

10:57 AM

but I thought they might not like that

If there is money left over I may ask them if I can buy them

10:57 AM

Hi Anjuli

10:57 AM

Anjuli Grantham

10:57 AM

Hi!

Bethany

10:57 AM

Hi Anjuli

Scott Carrlee

10:57 AM

thanks for joining us

Anjuli Grantham

10:58 AM

Hi! Happy to be here.

Bethany

10:58 AM

Hmm, T-shirts? Always fun

Scott Carrlee

10:58 AM

Bethany is here to talk about her experience on the move team

She was in the very first group

10:58 AM

Anjuli Grantham

10:58 AM

I know, I'm excited to see what is in store for me

Bethany

10:58 AM

When are you going?

Anjuli Grantham

10:58 AM

November

Bethany

10:58 AM

FUN!!!!

Anjuli Grantham

10:59 AM

Yes!

Bethany

10:59 AM

That will be exciting. I wonder what cases you will be packing

Anjuli Grantham

10:59 AM

Me too!

Bethany 10:59 AM
dah,dah,dun!

Anjuli Grantham 10:59 AM
oh my!

Bethany 10:59 AM
Supposed to sound scary, but I guess not eh?

Scott Carrlee 10:59 AM
Anjuli, I will be sending you some info soon about how to make your travel arrangements

Anjuli Grantham 10:59 AM
sounds good Scott

Scott Carrlee 11:00 AM
at the beginning of November we shut down our history galleries on the 2nd floor

Bethany 11:00 AM
Anjuli - Where are you at again? Kodiak?

Anjuli Grantham 11:00 AM
I am in Kodiak

Bethany 11:00 AM
Lucky! No crazy kids on a sinking ship?

Scott Carrlee 11:00 AM
Anyway we will be packing historical objects

Scott Carrlee 11:00 AM
The kids room will be silent

Anjuli Grantham 11:01 AM
ah, I see!

Bethany 11:01 AM
not the bilikens I hope

- Jan Yaeger joined the Main Room. (11:01 AM) -

Scott Carrlee 11:01 AM
When Bethany was here there were kids peering down on us packing

Hi Jan 11:01 AM

Jan Yaeger 11:01 AM
Hi folks!

Anjuli Grantham 11:01 AM

Hi! 11:01 AM

Scott Carrlee 11:01 AM

Yes Bethany, I do think we will be packing Bilikens

Bethany 11:01 AM

It was interesting, especially the screaming - We are sinking AHHH!
- Denis Keogh joined the Main Room. (11:01 AM) -

Bethany 11:01 AM

Hi Jan

Scott Carrlee 11:01 AM

Hi Denis,

Bethany 11:01 AM

Hi Denis

Scott Carrlee 11:02 AM

We are just getting started come join the party

Bethany 11:02 AM

Woot Woot

Denis Keogh 11:02 AM

HI everyone.

Anjuli Grantham 11:02 AM

Hi!

Scott Carrlee 11:02 AM

let's give it a few more minutes to see who else joins us

Denis is Cordova 11:02 AM

Anjuli is Kodiak 11:02 AM

Jan is Seldovia 11:03 AM

Bethany 11:03 AM

Wow! That is awesome!

Are all of you on teams to help SLAM? 11:03 AM

Anjuli Grantham 11:04 AM

I am

Denis Keogh 11:04 AM

I am

Jan Yaeger 11:04 AM

Frayed knot.

Bethany 11:04 AM

Denis, when are you going
Jan you crack me up! I bet by the end of this, they might rope you into going 11:04 AM

Jan Yaeger 11:04 AM
Good one!

Bethany 11:05 AM
Ha, Ha!

Scott Carrlee 11:05 AM
Yeah Jan, I have you on my waiting list in case there is an opening

Denis Keogh 11:05 AM
late January...not sure of exact dates

Scott Carrlee 11:05 AM
I think you arrive on the 26th my birthday

Bethany 11:05 AM
So far Phase 1.

Denis Keogh 11:05 AM
excellent! start with a party

Scott Carrlee 11:06 AM
Yeah Phase I extends all the way until the end of February

Scott Carrlee 11:09 AM
Anyway, does anyone have a question for Me or Bethany about the move project, 11:09 AM
It can be logistics or just general

Anjuli Grantham 11:10 AM
Well, what did your typical day look like, Bethany?

Bethany 11:10 AM
So we stayed at the prospector hotel right next to the museum. Got to the museum about 830 am.

They had us sign in and get keys so that we could move around the building. 11:11 AM

We had a ICS meeting first thing to line out our day. 11:11 AM
They we started work. Had a break around 10 or 1030 11:11 AM
Then lunch around noon for about an hour. 11:11 AM
In the afternoon, about the same thing. Back to work, break about 3 11:12 AM

and then possibly a quick end of day meeting with Scott and then we were out by 430 pm

Sound about right Scott? 11:12 AM

Basically it was planned so that if you needed to change or adapt anything you could do so on the fly. 11:13 AM

Scott Carrlee 11:13 AM

yep that was a typical day

Bethany 11:13 AM

There are various teams at work though.

We were the de-install team with Scott. 11:13 AM

Scott Carrlee 11:13 AM

ICS stands for Incident Command System

Bethany 11:13 AM

Members of the Museum were on different teams dealing with collections downstairs, exhibits, etc.

They are also going to be moving collections cabinets too. 11:14 AM

Scott Carrlee 11:14 AM

It is the management structure that we are using to orchestrate the move

Bethany 11:14 AM

I think that ICS works really well. Scott event stated that you could plan a wedding with ICS. Wish I had that info last year for my wedding

- Molly Conley joined the Main Room. (11:14 AM) -

Anjuli Grantham 11:14 AM

So, we will be working on de-installing the objects from galleries?

Bethany 11:14 AM

Hi Molly!

Scott Carrlee 11:14 AM

Hi Molley

We are just starting to talk about the move project 11:15 AM

Anjuli Grantham 11:15 AM

Hi!

Molly Conley 11:15 AM

Hi everyone!

Bethany 11:15 AM

We worked in the mining gallery so we had a combination of artifacts and

minerals.

- SARAH OWENS joined the Main Room. (11:15 AM) -

Bethany 11:15 AM

Hi Sarah!

Scott Carrlee 11:15 AM

Hi Sarah

Sarah is the new conservator at the Anchorage Museum 11:15 AM

Molly Conley 11:16 AM

Hi Sarah!

Bethany 11:16 AM

On the first day you get a "object handling 101" refresher course

Scott Carrlee 11:16 AM

Sarah has a specialty in Textiles which will be very useful in the state

SARAH OWENS 11:16 AM

Hello everyone

- Hayley Chambers 1 joined the Main Room. (11:16 AM) -

Scott Carrlee 11:16 AM

Hi Hayley,

Bethany 11:16 AM

and a "packing 101" refresher course. This way you remember that you need to make the objects safe for an interbuilding move, but remember you are not mailing these items.

Hayley Chambers 1 11:16 AM

Hello!

Bethany 11:16 AM

If that makes sense?

Hi Hayley! 11:16 AM

Scott Carrlee 11:16 AM

We are just talking about Bethany's experience on the move team'

intra-building move 11:17 AM

Bethany 11:17 AM

Congratulations Sarah. I will be calling you in the coming months I am sure

Scott Carrlee 11:17 AM

We are only going to move objects through a tunnel to a new building

To answer your question Anjuli, you will be de-installing exhibits with 11:18 AM

me at first, but you might also work in collections
getting cabinets ready to be taken through the tunnel 11:18 AM

Anjuli Grantham 11:18 AM
OK

Scott Carrlee 11:18 AM
We try and give everybody a good rounded experience here

Bethany 11:18 AM
Yes. We were schedule to complete packing the mining gallery by Thursday or
Friday morning and we got done Wednesday Afternoon.
We then were put on the collections team and built boxes for the ulus in 11:19 AM
the collection to move.

Anjuli Grantham 11:19 AM
fun!

Scott Carrlee 11:19 AM
This is the way the Incident Command System works,

Bethany 11:19 AM
It was also nice to meet people face to face that you email all the time. I was
able to talk with Jackie Manning about an upcoming exhibit we have coming to
Wasilla.

Scott Carrlee 11:20 AM
You put people on different teams and then once they complete their tasks
you can move them to another team 11:20 AM

Incident Command was developed to respond to emergencies like 11:20 AM
Katrina
where you have a lot of different people coming in to help out 11:20 AM
and you have to use them effectively 11:20 AM
so we decided to use it to orchestrate our move 11:21 AM
the ICS comes with a lot of tools , 11:21 AM
like briefings and After Action Reports etc. 11:21 AM
Other than that it is just a way or organizing a rotating labor force 11:21 AM
Those of you who come to work with us will become a little more 11:22 AM
familiar with this system
but it is not important to know it ahead of time 11:22 AM

Bethany 11:22 AM
After Action was done on Friday so make sure you write in your journals.

Scott Carrlee 11:22 AM
Journals will be provided during orientation

Bethany 11:23 AM
You will get journals to write in for the time you are in Juneau. It helped me a lot.

I was able to take notes on what we did and make notes for when we start our move (I hope in the next two years...) 11:23 AM

Hayley Chambers 1 11:23 AM
I keep a daily journal and it's a great reference tool. So much can happen in a day and it's so easy to forget.

Scott Carrlee 11:23 AM
That is really good professional practice Hayley

Hayley Chambers 1 11:24 AM
Thanks Scott!

Bethany 11:24 AM
Orientation is great! They show you around the building, explain the check-in, check-out process, and you get to meet the rest of the crew!

Very True Hayley. I have to do a weekly report for our city and taking notes helps me remember what I want to highlight. 11:25 AM

Scott Carrlee 11:25 AM
So any specific questions for Bethany or me?

Or should we just prattle on? 11:25 AM

Jan Yaeger 11:26 AM
I'm just here to eavesdrop...

Anjuli Grantham 11:26 AM
Is there the opportunity to listen in on some of your exhibit planning meetings?

Scott Carrlee 11:26 AM
Anjuli, there isn't really time for that

Anjuli Grantham 11:26 AM
Ya, I figured

SARAH OWENS 11:26 AM
Guys - this is great information - I am trying to write down pertinent points to share with everyone here.

Scott Carrlee 11:27 AM
Those meetings are happening periodically but probably not when you are here

Sarah, I will be sending around a transcript of this chat afterwards 11:27 AM

Bethany 11:27 AM

We were pretty busy the whole time. I met with Jackie early one day because I got to the museum a little early.

Hayley Chambers 1 11:28 AM

I am looking forward to reading the chat transcript to see what I missed before I joined the session. We are excited to participate so we can learn skills before our move. I've dealt with a couple not-so-good moves and am looking forward to a professional and organized move, like this.

SARAH OWENS 11:28 AM

Awesome! thank you Scott

Molly Conley 11:28 AM

I think it's really great that museum people from all over the state get to take part in this project. It seems like people will be able to apply some of what they do at their own institutions...

Bethany 11:28 AM

We rarely left for lunch. Cheryl and I brought our lunch from the IGA behind the hotel. They opened at 6 or 6:30 every morning. There is breakfast, lunch and dinner you can buy at the hotel too.

Molly, you are right. 11:29 AM

Scott Carrlee 11:29 AM

Yes Molly, I think this will be a good experience for both the people coming and for ASM

Bethany 11:29 AM

My hope is that we maybe build a museum move team so that we can call on each other.

Like Scott is doing for this move. 11:29 AM

Hayley Chambers 1 11:29 AM

Hi Molly! I agree with your point too. This is a great learning experience for the whole state.

Denis Keogh 11:29 AM

i expect everything I see there I will be able to directly apply here eventually.

Scott Carrlee 11:29 AM

I think that would be grand

SARAH OWENS 11:30 AM

Yes, I am really happy to be part of this project, even in a small way.

Bethany 11:30 AM
Maybe we can all get to help museums move around the state

We will be old hats at this by then 11:30 AM

Scott Carrlee 11:30 AM
how else are some of you smaller museums going to move your collections otherwise?

Hayley Chambers 1 11:30 AM
Alaskans pitch in and keep busy.
- Amy Russell-Jamgochian (Beringia Center, Nome) joined the Main Room. (11:30 AM) -

Scott Carrlee 11:30 AM
Hi Amy,
Join right in with questions about the move project if you have any 11:30 AM

Bethany 11:30 AM
Yes Denis! I am already apply a few things here for de-installing a few exhibits that have been on display a LONG WHILE.

HI Amy 11:30 AM

Scott Carrlee 11:31 AM
We have Bethany here to talk about her experience last week

Amy Russell-Jamgochian (Beringia Center, Nome) 11:31 AM
Hi Everyone, sorry-we are having technical difficulties up here today.

Bethany 11:31 AM
No worries! Glad you are here Amy.
Hmm. Am I missing anything Scott? 11:32 AM

Scott Carrlee 11:32 AM
So we covered a bit of Incident Command and some of the stuff you will experience
What about what to wear? 11:32 AM

Bethany 11:32 AM
Transportation, I took the milk run and stopped in Cordova and Yakutat. Made for a long day.
And you will have to take a taxi from the Airport, unless you rent a car. 11:32 AM

Scott Carrlee 11:32 AM
no renting cars! take a taxi!!

Bethany 11:33 AM
Ah, Ha! I was so glad I brought my extra tuffs.

Amy Russell-Jamgochian (Beringia Center, Nome) 11:33 AM
I was curious if there was anything we should bring with us or have read in advance of coming down.

SARAH OWENS 11:33 AM
For the guys here that will be helping in March/April - what will the kind of work/tasks be?

Bethany 11:33 AM
Sorry Scott. I wanted to take the bus, but they don't run on the weekends to the airport.

Scott Carrlee 11:34 AM
Good question Amy, if you want to brush up on the Incident Command system that would help.
Otherwise we will teach you everything you need to know 11:34 AM

Bethany 11:34 AM
RAIN GEAR especially. I think it rained almost every day we were there.
think 11:34 AM

Scott Carrlee 11:34 AM
Sarah, to your question, the March and April Teams will actually be doing the move of objects

SARAH OWENS 11:34 AM
Will you teach us during the week or send us information prior to the move

Bethany 11:34 AM
You can walk anywhere you need to downtown. There will be restaurants and such open down town.

Scott Carrlee 11:35 AM
we will teach you during the week
It is not rocket science so it is a pretty easy system to learn 11:35 AM

Jan Yaeger 11:35 AM
<http://training.fema.gov/EMIWeb/is/ICSResource/> FEMA provides free on-line ICS classes

Scott Carrlee 11:35 AM
Mostly the difficulty is managing the situation
Thanks 11:35 AM
Jan 11:35 AM
that is great 11:35 AM

SARAH OWENS 11:35 AM
Rex would like to know when the flight tickets will be bought?

Amy Russell-Jamgochian (Beringia Center, Nome) 11:35 AM
How big are the teams we will be working with?

Scott Carrlee 11:35 AM
if you wanted to do the ICS 100 course that Jan just posted that will help
The Phase II 11:36 AM

Sarah flights won't be bought for a while because we are still working on everyone's travel for Phase I

Bethany 11:36 AM
The week went very smoothly for us. Scott and everyone at the Museum knew what they needed to do and if something had to be changed, they worked it out. We were in a team of two people. Cheryl from Nome and myself and then Scott directing us. 11:37 AM

Scott Carrlee 11:37 AM
Amy the teams are usually 3 members but some teams are larger. My exhibit deinstall team is 3. Bethany is forgetting about me the team leader

SARAH OWENS 11:37 AM
So all the objects will have storage boxes made etc, so I don't have to brush up on my box making skills?

Bethany 11:37 AM
No, I included you. You did direct us by handing the next object to be packed. Scott planned on having items packed in banker's boxes. 11:38 AM
We only created boxes after we were done with our packing phase to help the collections team. 11:38 AM

Scott Carrlee 11:38 AM
Some teams are as large as 5 but no larger. During Phase II the actual move of collections the teams will be 3 or larger.

Bethany 11:38 AM
It was a nice refresher for me!

Amy Russell-Jamgochian (Beringia Center, Nome) 11:39 AM
You probably already mentioned this but has the packing task ended? Were protected mounts made for the boxes? That's something I need to learn how to do.

Scott Carrlee 11:39 AM
Some teams will be making supports for items that may include boxes but by the time you get here Sarah all that should be done

Bethany 11:39 AM
Nope. I think Scott stated that packing goes on through February?
Move starts March and April 11:40 AM

SARAH OWENS 11:40 AM
So we just need to bring ourselves, and a good raincoat!

Scott Carrlee 11:40 AM
Up to February we will be making protective supports for objects

Bethany 11:40 AM
And COMFORTABLE SHOES!!!!

Amy Russell-Jamgochian (Beringia Center, Nome) 11:40 AM
Are just the museum's collections being moved as part of this project or also the archives' collections?

Scott Carrlee 11:40 AM
and comfortable shoes!!
you will be on your feet all day long 11:40 AM

Bethany 11:41 AM
Yes you will.

Scott Carrlee 11:41 AM
no archives
that is a different move years later 11:41 AM

Bethany 11:41 AM
And you will want to bring Water and snacks for you breaks. You will need the energy!

Scott Carrlee 11:41 AM
The people coming down to help us will only be moving museum collections
You can buy the snacks here though. As Bethany said the IGA is close 11:42 AM
by

Amy Russell-Jamgochian (Beringia Center, Nome) 11:42 AM
Good, I'm looking forward to the warmer temperatures and exercise in February

SARAH OWENS 11:42 AM
Will you book the flights and hotel or will you let us know when we can book them?

Scott Carrlee 11:42 AM

the hotel is already booked

the flights you can either do on your own or we can do them for you 11:42 AM

Amy Russell-Jamgochian (Beringia Center, Nome) 11:43 AM

What kind of orientation and training are given to each new pair that arrives?

Scott Carrlee 11:43 AM

It is easier for us if you book them and you will get reimbursed but if that is a hardship we can book them

Bethany 11:43 AM

My suggestion is to book them yourself. I had a problem with ASM booking for me. My last name ended up at LAM MUSM and that was a little hard getting through security since that was not on my ID

Scott Carrlee 11:43 AM

Bethany, did you mention that to Debbie?

if not I will talk with her about that 11:44 AM

Bethany 11:44 AM

Especially going back to Anchorage. I think I was waiting for about 20 minutes before they had a paper ticket for me.

I did tell Debbie. It's all cool 11:44 AM

Just something you learn along the way... 11:44 AM

Scott Carrlee 11:44 AM

You also get \$60 per diem to buy food or eat at restaurants

SARAH OWENS 11:45 AM

Great - thanks for all the information. I am really looking forward to seeing everyone and helping out - I hope there will be sometime though to catch up with you and Ellen?

Bethany 11:45 AM

There are some FABULOUS restaurants. The mac and cheese was amazing at the Rookery. And they are open for breakfast, lunch and dinner.

Scott Carrlee 11:46 AM

yes we do take breaks where we can chat with each other no matter what team you are on.

Well I would not say Fabulous and Restaurants and Juneau in the same sentence but the Rookery is good. 11:46 AM

Amy Russell-Jamgochian (Beringia Center, Nome) 11:46 AM
Scott, who should we call to get all that travel info? We need to plunk everything in to our travel authorization process, even if some things are paid by a 3rd party, or reimbursed later...so just curious who I should call for the hotel dates and info.

SARAH OWENS 11:46 AM
Sorry I have no more questions - i know with you guys organizing the move - it will go smoothly

Bethany 11:47 AM
um, when all you have in town is mcd's, Dairy Queen and Arbys. Juneau has great restaurants!

Scott Carrlee 11:47 AM
I can send you the information by email. But basically it is Debbie McBride our admin person

I will make the reservations at the hotel 11:48 AM
basically we have a standing reservation for the rooms 11:48 AM

Bethany 11:48 AM
If you think of anything, please feel free to contact me.
(bbuckingham@ci.wasilla.ak.us) or 907-373-9071

Another note! There is a washer and dryer at the hotel if that helps anyone with packing. It is about \$4 for a load of wash and 25 cents gets you three minutes the dryer. 11:49 AM

Scott Carrlee 11:49 AM
that is good to know

SARAH OWENS 11:49 AM
perfect - clean socks is always a good thing!

Denis Keogh 11:50 AM
Oh. I thought so.

Amy Russell-Jamgochian (Beringia Center, Nome) 11:50 AM
Ok, thanks Bethany. Looking forward to working with all of you guys on this or other projects down the line.

Anjuli Grantham 11:50 AM
Me too!

SARAH OWENS 11:51 AM
Me too (and Rex)

Bethany 11:51 AM

Hope it helps. You will enjoy your time in Juneau and at the Museum!
Amy Russell-Jamgochian (Beringia Center, Nome) 11:51 AM
Also Scott, what are the dates of the phases again (are there three)?
Denis Keogh 11:51 AM
Rex?! Oh boy.
Bethany 11:51 AM
Learned and re-learned a lot of things!
Make the most of your time there. The staff is always willing to answer any questions for you. It is a great experience. 11:52 AM
Scott Carrlee 11:52 AM
Three phases, Phase I Oct 3 - Feb 28, Phase II March 3 - April 12, Phase III April 14 - May 31
Bethany 11:52 AM
Not so sure about the move phase. I think that will fly by!
Most of our questions and such were during break time so that we did not take up time during packing. 11:53 AM
Scott Carrlee 11:53 AM
The move phase (Phase II) will be the most intense. We have 6 weeks to move everything through the tunnel into the storage Vault
SARAH OWENS 11:54 AM
Thanks for arranging this chat Scott - will there be more chats planned?
Bethany 11:54 AM
But we had a lot of fun pacjng and looking at the objects. We drooled a lot too!
Not on the artifacts though 11:54 AM
Scott Carrlee 11:54 AM
Yes there will be a chat next month and at least one focused on the move during each phase
It is a requirement for hte grant 11:54 AM
Amy Russell-Jamgochian (Beringia Center, Nome) 11:55 AM
Have to run to another meeting. Thanks Scott, looking forward to the next chat!
Scott Carrlee 11:55 AM
Thanks Amy, see you in Juneau
Anjuli Grantham 11:55 AM
Bye everyone! It was great seeing you in Haines!
Scott Carrlee 11:55 AM

This is a good time to end

Scott Carrlee

11:56 AM

We can have more discussion next month

SARAH OWENS

11:56 AM

Thanks everyone for all the great comments and info. Chat next month!

Jan Yaeger

11:56 AM

Thanks, Scott & everyone!

Molly Conley

11:56 AM

Sounds good! This was really great information!

Bethany

11:56 AM

Bye

Scott Carrlee

11:56 AM

glad you could join us

Thanks for your help Bethany, you were great!

11:56 AM

Denis Keogh

11:56 AM

Signing off here too. Thanks for organizing Scott. Gbye from the Cordova Rain Festival everyone

Scott Carrlee

11:56 AM

Bye everyone

Next Chat Session

November 13, 11 am
