| <input type="checkbox"/> Child Care Center/Even Start | <input type="checkbox"/> Other:                          |   |

### Description of Services:

Alaska Learning Labs is an after-school tutoring program that is free to you and your child. We help your child do better in school. If you choose Alaska Learning Labs, your child will receive 90 minute tutoring sessions 3-5 days per week, that are fun and specific to your child’s needs.

Your child’s individually designed program will be based on test scores, with teacher and parent input. The program will include reading, writing, and math lessons using an award-winning computer program. Your child will also have lots of opportunities to read books including fiction and non-fiction. They will play math games that help them learn everything from place value and measurement to geometry, algebra, probability and statistics.

Your child earns points by doing math and reading during the free tutoring sessions. Children then use the points earned to go shopping in our online store for items such as school supplies, personal care items, games, electronics, and more!

Alaska Learning Labs Results	2010	2011
<b>Average Attendance Rate</b>	59%	72%
<b>READING: percent of improved scores</b>	61%	64%
<b>READING: average gain</b>	16%	23%
<b>MATH: percent of scores that improved</b>	71%	73%
<b>MATH: average gain</b>	21%	25%

Alaska Learning Labs is a program of SERRC, Alaska's Educational Resource Center, a non-profit agency providing educational services to school districts throughout the state for 35 years.
